

East Turlock Subbasin Groundwater Sustainability Agency

Your GSA Invites You to a

Financing Groundwater Sustainability Proposition 218 Landowner Workshop

Thursday, December 14th, 2023 • 9:30 - 11:30 AM
Cortez Hall
12937 North Cortez Avenue, Turlock, CA 95380

***Join in-person or virtually
to learn more and provide your feedback***

The East Turlock Subbasin Groundwater Sustainability Agency (GSA), a joint powers authority, was formed by Eastside Water District, Ballico-Cortez Water District, and portions of the Merced Irrigation District, Merced County, and Stanislaus County to comply with State requirements of the Sustainable Groundwater Management Act (SGMA).

The ETSGSA Board is committed to retaining local control over SGMA implementation, and using landowner dollars most efficiently and beneficially. To fund our efforts, the Board is conducting a Proposition 218 process for approval to levy assessments on landowners within its jurisdiction.

Please join us for the landowner workshop on December 14th. The workshop will cover the following:

- An overview of the Prop 218 Benefit Assessment
- Draft policies regarding who would pay, how the assessments are calculated, and projected rates
- The benefits the Prop 218 Assessment will bring to the basin
- Next steps and a timeline for adoption and implementation.

As your GSA, we are grateful for the opportunity to work together to manage our groundwater resources under local control and preserve a robust agricultural economy for the future.
