

TURLOCK SUBBASIN
GROUNDWATER SUSTAINABILITY PLAN (GSP)
COMMUNITY OUTREACH WORKSHOP

Date and time: **June 20, 2018 | 3 pm to 5 pm**
Location: **Turlock Irrigation District, Room 203
333 E. Canal Dr. Turlock**

The workshop is being held for informational purposes. A quorum of board members from the East Turlock Subbasin GSA, West Turlock Subbasin GSA, as well as each of the GSAs' technical advisory committees may attend, but no votes by any of these governing bodies will be taken.

Primary Workshop Objectives

1. Discuss and share updates on Turlock Subbasin activities.
2. Discuss and share information and tools regarding GSP development.
3. Identify additional key stakeholders to engage in GSP development.
4. Discuss strategies, activities and materials to reach stakeholders.

Agenda

- 3:00 – 3:15 pm WELCOME AND INTRODUCTIONS**
- 3:15 – 3:50 pm OVERVIEW OF UPCOMING SUBBASIN AND ADJACENT SUBBASIN ACTIVITIES**
A brief overview of adjacent basin schedules and GSP components to ensure general understanding of GSP development. Review and discuss adjacent basin coordination requirements in relationship to Turlock Subbasin's timeline.
- 3:50 – 4:15 pm OUTREACH STRATEGIES**
Review and discuss outreach challenges, successful strategies, lessons learned, and opportunities for engagement of key beneficial users in Turlock Subbasin GSP development.
- 4:15 – 4:50 pm BREAKOUT SESSIONS**
Stakeholders will gather together in groups to: review and familiarize themselves with existing outreach tools; identify additional resources needed; and develop strategies to make accessible and broadly share highly technical GSP information with key beneficial users and other members of the Turlock Subbasin.
- 4:50 – 5:00 pm REPORT OUT AND ACTION PLAN SUMMARY**
- 5:00 pm ADJOURN**
