

VIRTUAL COMMUNITY MEETING #2

GROUNDWATER SUSTAINABILITY PLANNING

WEDNESDAY SEPTEMBER 16, 2020

Session #1: 11:00 - 12:00 pm [[Link](#)]

Session #2: 5:30 - 6:30 pm [[Link](#)]

The same presentation is given at each session.
Attend the time most convenient for you!

Please join us online for the second in a series of Virtual Community Meetings on Turlock Groundwater Sustainability Plan (GSP) development.

This session focuses on **groundwater sustainability** and how it can be defined for the Turlock Subbasin. We'll also talk about **sustainability goals**, and what **metrics** can be used to measure sustainability. Groundwater sustainability means something different in each subbasin. This is our opportunity to discuss it and define it for our region.

REGISTER

for *interactive participation* via
turlockgroundwater.org

or *live-stream* the discussion that day from our [YouTube Channel](#)

If you would like language interpretation or other reasonable accommodation, please email turlockgroundwater@gmail.com by September 9th to make arrangements to ensure accessibility.
